

www.trimmertrap.com

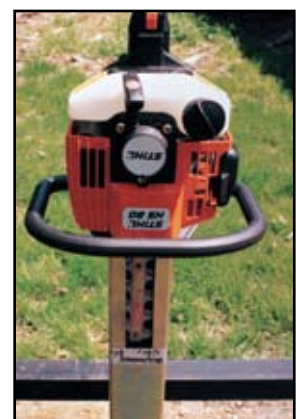

Our patented line trimmer racks include both open and enclosed trailer versions. So whether you want to secure a single trimmer or four, we have it covered.

Trimmer Chest (patent pending) provides the ultimate protection for line trimmers. If you want the best, this is it.

The patented Blade Blocker saves hours of clean-up time and helps you provide high quality service. Rider and walk behind versions are available for most any commercial mower. Patent #6874309

We offer the most comprehensive line of high quality equipment storage products available. Backpack sprayer racks, equipment latch down systems, hedge trimmer racks, water cooler racks, trimmer line holder, hand tool racks and the list goes on.

Backpack and handheld blowers will be protected and easy to access when stored in one of our racks. Dedicated systems for STIHL brand blowers are the best available.

Accessories can sometimes make a big difference. From equipment covers to fuel I.D. tags, we have something you could use.
