

Louisville Extreme Makeover: Home Edition Up for Emmy Award

The Extreme Makeover Home Edition episode featuring Louisville resident Patrick Henry Hughes and Elite Homes has been nominated for an Emmy Award under the category of "Outstanding Picture Editing for Reality Programming". Join the Greater Louisville community as we cheer on the Hughes family and Elite Homes during the 60th Primetime Emmy Awards on

Sunday, September 21, 2008.

Hughes was born with no eyes and without the use of his legs. A rising junior at the University of Louisville, Hughes is active with the school's marching band, with the help of his father who pushes Patrick Henry's wheelchair. Be sure to tune in on Emmy night to wait and hear "And the Emmy for Outstanding Picture Editing for Reality Programming Goes Too...."!
